

# Streamline Your NETWORK

Streamline your network management with Networking as a Service, ensuring your equipment stays up to date and secure!

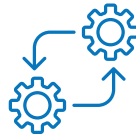

## NETWORKING AS A SERVICE

Forget those unexpected purchases on infrastructure upgrades for your network and turn them in to a cost-effective, predictable expense! Our Networking as a Service plan offers businesses peace of mind while alleviating upfront cost for expensive hardware while ensuring the equipment onsite is up to date!

### No Upfront Cost or Equipment Fees

Our NaaS plans eliminate upfront cost (including installation) and cover the management and hardware within these plans for a low monthly cost

### Free Replacement for Defective/Malfunctioning Hardware

One Click will replace any defective/malfunctioning hardware at no cost to you with this plan, regardless of the warranty status of the equipment\*

### Free Equipment Upgrades

Existing equipment is replaced with newer, supported hardware when current equipment is no longer supported and goes end-of-life

### Contract Free

Our Networking as a Service plan operates on a month-to-month basis, ensuring your business can stay flexible as the needs of your business change

### Free Troubleshooting/Support

Troubleshooting and support tickets are included in your monthly plan for networking equipment utilizing NaaS through One Click

### No Hourly Labor Charges

With our NaaS plans, adjustments to your equipment's setup are included – giving you peace of mind that you won't face extra hourly labor charges as your business operations evolve.

Please contact your sales rep for any additional details. We appreciate the opportunity to earn your business!

\*Free replacements for defective/malfunctioning hardware does not include physical damage on the applicable device
